

# Newfoundland and Labrador Provincial Challenges:

## Challenging Rangers to create their own Provincial Challenge!

The new Girls First program is putting every girl in the driver's seat by allowing her to customize her Guiding experience. Through Girls First, girls can take the lead and jump into a range of empowering girl-driven activities – all with the support of women mentors committed to positively impacting girls' lives.

During the 2018-20 Guiding years, GGC-NL is challenging Rangers across Newfoundland and Labrador to create a Provincial Challenge! With the support of the GGC-NL's Program Committee, Rangers will be empowered to use their voice and put their ideas into action to make a difference.

---

### Is there a badge for that?

Creating a Provincial Challenge would qualify for the “Your Action” Theme in the Rangers “Take Action” Girls First Program Area.

It would also qualify as a Service Project for the Rangers Trailblazer Award.

---

### Interested?

**Step 1:** An interested Ranger or Ranger Unit should first research the currently available [Provincial Challenges](#). For inspiration, Rangers could also research available [National Challenges](#) or Challenges created by [other Canadian Provinces](#).

**Step 2:** [Contact](#) the Provincial Program Committee with the theme and some examples of activities that will be part of your Provincial Challenge. The Provincial Program Committee will provide you with some feedback on your plans (*e.g. make sure that there are not duplicate themes amongst Rangers across the Province*).

**Step 3:** Time to put your ideas into action! Some things to keep in mind while creating your Provincial Challenge:

- Create age appropriate activities for all Program Areas (Sparks, Brownies, Guides, Pathfinders and Rangers).
- Ensure activities are achievable and accessible to most girls across the Province.
- Think about how much money the activities will cost to complete.

For further information or questions, please e-mail the Provincial Program Committee via [nl-program@girlguides.ca](mailto:nl-program@girlguides.ca)

- Identify how the activities in your Challenge will count towards a girl completing their Sparks/Brownies/Guides/Pathfinders or Rangers Girls First Program.
- Draw an image that can be made into a crest for girls who will complete your Challenge!

**Step 4:** The Provincial Program Committee will mentor Rangers to finalize their Provincial Challenge.

**Step 5:** Your new Challenge will be announced and become available for girls across the province!
